Attendancesheet: Webinar on Research Methodology: Hypothesis and its relevance in research 17th October, 2022

Sr. No	Name of the Participants	Course and Semester	Significance of Hypothesis and its relevance in research (As per your understanding after attending session)-
1	Dr. Rajesh Nair	LLM Sem 2	Throughout research
2	Hetal Pandya	LLM sem IV	It forms a base of your study.
3	Rajesh Mandhyan	Llm semester 2	Good
4	Ajita Mishra	LLM – 1 st yr	Yes
5	Amita chaware	LLM 4th sem	It's important for research design
6	Megan Carvalho	FY LL.M Sem 2	It is basically the idea or assumption that we seek to prove or disprove through our research. It is most significant for research because it outlines the purpose of the research.
7	Sufiya Badruzzama Siddiqui	S.Y. LLM - Criminology	Hypotheses are used to support scientific research and create breakthroughs in knowledge.
8	Savita Dixit	LLM FIRST YEAR CRIMINAL LAW	A good hypothesis is need to be backed up by data, research source , references, books, journals.
9	Neha tiwari	LLM sem2	It help us to clear the explanation what we are studying the topic and also clears the who are in favour on what thing
10	Aarti Nishad	LL.M 4th Semester	Hypothesis is an idea or explanation for something that is based on known facts but has not proved yet.
11	Anurag R. Saxena	LL.M. Sem 2	Hypothesis is an idea of our choice which we want to prove on the basis of data already available or collected by us. Characteristics, different variables and types are the main crux of any hypothesis. Hypothesis is the backbone of any research as very well said by Ma'am. It's the foundation on which our research relies.
12	Dr Rajesh Nair	LLM SEM 2	Throughout the research
13	SANTOSH SITARAM GIRI	LL.M. Sem 1	Now I'm able to understand to translate the given problem to a clear explanation for the outcome of the study.
14	DALVI MRUNALINI MAHESH	5th BLS - 9 semester	Research involves the hypothesis testing. Hypothesis begins with a research question that you want to answer the questions should be focused, specific and researchable with our aims of project.

Dr. (Mrs.) Madhura Kalankar
I/C Principal
Hindi Vidya Prachar Samiti's College of Law,
Ramanujam Bhambhaniwala College Premises,
Opp. Railway Station, Ghatkopar (W),
Mumbai-400086.

15	Zainab Qureshi	FY LLM sem 2	It helps to assume the probability of a research failure or progress. It also helps in data analyses, Also it helps in knowing the validity/ reliability of a research.
16	Deepa Yadav	Semester 2	It helps the researcher to translate the given problem to a clear explanation for the outcome of the study.
17	Parvind Jeetlal Kohar	FYLLM - Sem 2	It will help in formulating the research related to dissertation
18	Prerna Girish Mehta	Syllm sem-4	A HYPOTHESIS is a leading question put to nature, a guess designed to suggest the sort of inquiry by which an answer might be reached
19	Dhanashree Hublikar	Syllm sem 4	Hypothesis is a tentative question to which the researcher seeks to find answer, which may prove or disapprove the hypothesis, leaving to thr conclusion.
20	Pooja gupta	LLM. SEM -2-	Hypothesis is help to probability of research false and true.
21	Jigar Mahendra Dedhia	LLM - Year 1	Hypotheses are like educated guesses that help researchers figure out what to study and how to test their ideas. They keep research organized, make sure it can be proven right or wrong, and are a key part of the scientific method. Hypotheses also help scientists talk to each other and make decisions. They're useful in many fields, from science to business, for learning and finding solutions to problems.
22	Nitin Rajaram Sawant knowledge	LLM SEM II	Knowledgeable
